## East Shore RV Park - San Dimas

Thursday was cold and windy. Despite the threatening clouds, we only got a few sprinkles. For dinner, some went to the Tenderloin in La Verne others to Pinnacle Peak in San Dimas.

The rest of the club arrived on Friday. It was great to see Dick and Mickie S. again after having moved to Tennessee 3 years ago. They arrived in the afternoon, parked their coach in front of their assigned space and got out to check out the lay of the land. Their dogs were still in the coach and the engine was running when the coach door locked automatically. They were locked out! The guys gathered around trying to decide what to do. Luckily, a bedroom window wasn't locked. John P.

Dick & Mickie

offered to climb though it but Dick was up the ladder and in the window before John could finish his sentence! There were a few worried minutes before Dick opened the door. But they eventually got themselves situated.

Friday evening served up the usual delicious appetizers. We sure were glad to have the clubhouse because

the weather was still cold. Irwin W. brought a case of wine from Tom Lindstrom RV in Moorpark. The dealer sells new & used RVs, has a repair shop and also has an indoor storage facility. Jeff told some great jokes. After all that food, we needed some exercise. Ralph brought in his boom box, turned on some tunes and put on his dancing shoes. We pushed the tables out of the way and turned the clubhouse into a dance floor. Some of the braver (or crazier) members tried their hand, or rather feet, at swing dancing under Ralph's tutelage. All we had to do was count "1-2-3; 1-2-3." Sounds easy enough but we couldn't quite get our feet to follow the count.

On Saturday morning, the wagon masters had bagels, donuts, fruit and coffee set up under the tent at Ralph's coach. Leo & Sally W. joined us for the business meeting. It's been a while since we've seen them. They are living in Arizona but were staying at the KOA at the fairgrounds. Jim & Cynthia C. were voted in as the newest members of our club - welcome! Ralph had a little mishap on Saturday. The stairs weren't down when he

Dancing with the Stars

stepped out of his coach. He was very lucky that he didn't break anything. He was pretty stiff and sore later on though. No dance lessons on Saturday evening.

After the yummy pot-luck dinner, there was a rousing round of Left-Right-Center.

The winning ticket for the 50/50 was held by John & Cindy P. They won't be at the Valencia outing so look for Art B. to be selling them.

Happy 50/50 winners

Why we love East Shore RV Park!

Our newest members, Jim & Cynthia

# Tech Talk

Art B. told the club about a package of fuses that he got at Wal-Mart. The kit includes a fuse tester. A few members went to Wal-Mart later that day and found that the kit sold for around \$11.00. A fuse tester always comes in handy. Without one, you have to look at each fuse to find the one that's burned out.
